

International Conference on Foundations of Computer Science & Technology (CST- 2014)

<http://airccj.org/2013/cst2014/index.html>

Venue : Zurich, Switzerland, Jan 2 ~ 4, 2014

Call for Papers

International Conference on Foundations of Computer Science & Technology (CST-2014) will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Software Engineering and Applications. The goal of this workshop is to bring together researchers and practitioners from academia and industry to focus on understanding Modern software engineering concepts and establishing new collaborations in these areas.

Authors are solicited to contribute to the workshop by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the areas of software engineering & applications. Topics of interest include, but are not limited to, the following

Topics of Interest

- Algorithms and data structures
- Automata theory
- Computational complexity, economics, geometry
- Computational Physics & Biology
- Computational Science and Applications
- Cryptography
- Information theory
- Machine learning
- Natural Language Processing
- Parallel and distributed computing
- Probabilistic computation
- Program semantics and verification
- Quantum computation
- Theoretical computer science and algebra

Paper Submission

Authors are invited to submit papers through the conference [Submission system](#) by September 20, 2013. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this conference. The proceedings of the conference will be published by Computer Science Conference Proceedings in Computer Science & Information Technology (CS & IT) series (Confirmed).

Important Dates:

- Submission Deadline : **September 20, 2013 (firm)**
- Authors Notification : October 25, 2013
- Final Manuscript Due : November 10, 2013
